This course covers: Multi-Factor Authentication, Azure AD Applications and Workload Configuration.

Course outline:

Introduction to Multi-Factor Authentication MFA
- Introduction
- Intro to Multi-Factor Authentication
- Understand MFA
- Factors of Authentication
- Setup Multi-Factor Authentication
- MFA Review
- Summary

Introduction to Azure AD Applications
- Introduction
- Introduction to Azure AD Applications
- Azure AD Application Introduction
- Types of Application
- Prerequisites
- Azure AD Application proxy
- Application Proxy
- Add Azure AD Gallery Application
- SAML
- AD Review
- Summary

Introduction Azure AD B2B
- Introduction
- Introduction Azure AD B2B
- Introduction to B2B
- B2B Licensing
- Add Guest User and Assign Application Access
- Enforce MFA for Application Access
- B2B Review
- Summary

Microsoft 365 Workload Configuration
- Introduction
- Microsoft 365 Workload Configuration
- Enterprise Workloads Foundation Infrastructure
- Phase 2
- Phase 3
- Phase 4
- Phase 5
- Deployment of Workload application
- Migration Tools
- Mover
- Other Tools
- Foundation Review
- Summary
