Mobile Development with Flutter and Dart, Part 9 of 16: Movie App Part 2

Meet the expert: Paulo Dichone graduated from Whitworth University with a B.S in Computer Science in 2009 and has worked building Android and iOS mobiles apps as well as web applications. Since 2014 he's been an online instructor teaching over 40,000 students from 170 countries in how to program Java and build Android Applications.

Prerequisites: The first parts of the course make the user familiar with Dart, these can be skipped if sufficiently knowledgeable.

Runtime: 57:31

Course description: Make Apps that run on both IOS and Android with Flutter using Dart! This covers: the second half of the movie application where you'll add thumbnails as well as a cast.
