

AZ-204 Developing Solutions for Microsoft Azure, Part 5 of 9: API Management and Logic Apps

page 1

Meet the expert: Maruti is a Microsoft Certified Corporate Trainer with over 19,000 hours of experience corporate training for companies such as: Deloitte, Morgan Stanley, LTI Infotech, Unisys, Shell, Accenture and many more. He focuses on practical implementation and hands-on practice as the best way to understand technical training.

Prerequisites: 1-2 years professional development experience and experience with Microsoft Azure. In addition, the role should have ability programming in a language supported by Azure and proficiency in Azure SDKs, Azure PowerShell, Azure CLI, data storage options, data connections, APIs, app authentication and authorization, compute and container deployment, debugging, performance tuning, and monitoring.

Runtime: 01:35:49

Course description: Azure Developers partner with cloud solution architects, cloud DBAs, cloud administrators, and clients to implement solutions. This course covers: API Management, Configuring Authentication for API's, Azure Logic Apps and Customization.

Course outline:

API Management

- Introduction
- API Management
- Microservice Architecture
- Terminology
- Products
- APIs and Operations
- Demo: Creating API Management Service using Azure
- Summary

- Connector Components
- Hybrid Connectivity
- Schedule Triggers
- Single Execution
- Demo: Create Logic App Using Azure Portal
- Summary

Customization with Logic Apps

- Introduction
- Custom Connectors
- Deployment Templates
- Template Code
- Create a Template
- Demo: Create a Deployment Template
- Summary

Working with APIs in APIM

- Introduction
- API Management Instance Overview
- Policies
- Demo: Policies
- Policy Scopes
- Demo: Transforming an API Using Policies
- Summary

Configure Authentication for APIs

- Introduction
- Subscriptions
- Client Certificates
- Demo: certificates
- Summary

Azure Logic Apps

- Introduction
- Azure Logic Apps
- Components
- Workflow Components
- Connectors
- Managed Connectors
