

# Scrum Product Owner, Part 2 of 2: Change and Sprints

page 1

**Meet the expert:** Patrick has worked in the Information Technology field for over 25 years and brings his extensive expertise to our courses. He has helped establish IT service management programs for a variety of organizations including pharmaceutical, energy, and software companies. Patrick was a part of one of the original service management teams in the United States. He has been a member of several CompTIA boards and is a member of the ITSM forum.

**Prerequisites:** There are no prerequisites for this course.

**Runtime:** 01:08:55

**Course description:** In SCRUM Product Owner the product owner serves as voice of the customer to drive solutions in the context of business value. This course will discuss change and quality, risk, sprint planning, review and deliverables.
